The Aim of the Scheme

The '**Community Champion**' award aims to recognise an individual who has committed significantly to their local community.

The '**Young hero**' award aims to recognise a young person who has committed significantly to their local community. This award is for ages 15 years and younger.

Who can be nominated?

Anyone who the nominator / seconder thinks merits an award for having made a significant contribution to their local community. The individual must live within the City (nominators / seconders can live outside of the City).

The nomination process

Please complete and return the application form to **democraticservices@douglas.gov.im**.

The closing date for receipt of nominations is Monday, 31st July, 2023, at which time a panel, consisting of the Mayor, one other Council Member and one independent person (appointed by the Mayor) will review and select a winner for both the Community Champion and Young Hero awards.

Applicants can be expected to be contacted mid-November to advise on the outcome of the panel's decision, with the award being presented to the chosen winners at a Douglas public event to be confirmed.

The criteria

There is no pre-determined criteria on what a 'significant contribution to the local community' might be. However, a significant contribution could be any or all of the following;

- Long and sustained service to the local community or part of it over a period of time (normally years however, it will not exclude members of the public that have made significant short term commitments)
- Achievements / actions that are of an inspiring nature to the local community
- Activities that have benefited the City or its people

When making its decision, the judging panel will take into account the level of commitment shown by the individual; any obstacles that they have had to overcome and the number of people that the commitment has benefitted.
